SOULREACH

One of the kind purpose discovery counselling session that helps individual to achieve a personal breakthrough in life

WHY SOULREACH?

In today's business place due to the challenging working environment, many employees are stressed, depressed, suffering from too much anxiety arising out of workplace related issues such as managing deadlines, meeting targets, lack of time to fulfil personal and family commitments, or bereaved and disturbed due to some personal problems. All these issues can hinder an employee from performing their best. Thus, one of the key solutions to it is that the company to integrate the workplace counselling services in their organizations and making it a part of their culture.

WHAT IS SOULREACH?

Soulreach program offers the employer a service that is valued by employees, has the potential for savings by reducing sickness absence, takes pressure off managers through the availability of a constructive means of dealing with 'difficult' staff or situations, and contributes to its reputation as a caring employer. Essentially, Soulreach program will help in building a healthy organizational environment. This program provide the solution to the many issues such as conflicts that might occur with one's superior or co-workers, and personal problems that inhibit performance can become overbearing for some individuals that commonly faced by many employees.

HOW DOES SOULREACH HELPS?

Leading in today's competitive marketplace and fast changing culture have always been dynamic and demanding. An effective employee today goes beyond having good business knowledge, technology savvy and accumulated corporate experiences. Successful and sustainable employees requires certain key characters such as powering up self-motivation in personal mental attitude and positive behavior.

Employees that own these qualities often are the one that will lead with transformational changes and shape effective organizational culture, influential to team and customers. However all these key traits are boiled down to the motivational level of an employee. A motivated workforce means a highly productive staff, all of which will help an organization achieve its goals. Therefore, employee counselling has emerged as one of the critical/tool to attract and retain the best employee and increase the quality of a workforce.
